

Guernsey Sports Commission Coaching Roll of Honour

Guidelines

Coaching is considered to be: The development of people within the context of sport(s) across tactical, technical, physical, mental and lifestyles areas.

An authenticating Commissioner will be appointed by the Chairman to authenticate any nominations received by the Commission for induction into the Guernsey Sports Commission Coaching Roll of Honour.

After the authentication process has been completed the Commissioner will then recommend to the Guernsey Sports Commission in writing whether or not such nomination is worthy of further consideration by the Commissioners.

Any nomination recommended by the Commissioner to the Commission for further consideration can only be approved by the Commission for induction into the Guernsey Sports Commission Coaching Roll of Honour, if all Commissioners have had the opportunity to review and then vote [possibly in absentia] on that nomination.

The criteria will include a final question asking the Commissioner to confirm whether they agree or disagree to the induction of the nominee into the GASC Roll of Honour.

If any Commissioner is not available to attend the meeting when the nomination is going to be voted on, the completed pro-forma schedule of criteria will be taken as a proxy vote on the nomination by the Commissioner concerned.

Two thirds of active Commissioners will be required for a nomination to be successful.

Nominations made on behalf of an individual should always be referred to the governing body of the sport of the nominee concerned, to ensure that any nomination is also recommended by the sport.

Criteria:

Matters to be considered by the authenticating commissioner:-

- 1] Has the nominee coached / at the highest level and over a reasonable period of time?
- 2] Is the nominee from a sport recognised by the Guernsey Sports Commission?
